STREETVIEW GRANT PROGRAM GUIDELINES

PROGRAM AREA

Eligible properties include those located within a municipality's Business, Historic, or Downtown areas.

ELIGIBILITY

To be eligible, the following criteria must be met:

1. Work items must relate to the exterior—the facade—of the building.
2. The work performed must be clearly visible from a public street or way.
3. If the property is within a historic district, all work performed must meet the U.S. Secretary of the Interior's standards for historic preservation and be approved by that municipality's Historical and Architectural Review Board (HARB) receiving a certificate of appropriateness.
4. All work performed must meet the requirements for remediating conditions of slum or blight, or address code, health or safety issues.
5. If applicant is a tenant, the work performed must have the consent of the property owner.
6. The owner of the property, regardless of whether that person is the applicant, must be current with their payment of municipal water and sewer bills, as well as all real estate taxes.
7. The applicant must provide a minimum 25% cash match for the grant—no sweat equity, in-kind services, labor or other reductions can be taken to minimize the required cash match.
8. The building must be a commercial or mixed-use property – no purely residential buildings or rental units will be considered.
9. Buildings cannot be for sale, marketed for sale or known to be for sale.

Note: Federal prevailing wages will apply to the entire project. The wage decision must be included with all bids and proposals.
